

## Assistant Researcher DAI Yi

College	College of Bioscience & Biotechnology
Current Position	Assistant Researcher
Types of Tutor	Master Tutor
Language	Chinese/English
Education	Doctor of Botany
Research Interests	Innovation and Utilization of Crop Resources
Selected Publications	<ol style="list-style-type: none"><li>1. Molecular Cytogenetic Characterization of two <i>Triticum-Secale-Thinopyrum</i> Trigenetic Hybrids Exhibiting Superior Resistance to Fusarium Head Blight, Leaf Rust, and Stem Rust Race Ug99</li><li>2. Chromosome identification by new molecular markers and genomic <i>in situ</i> hybridization in the <i>Triticum-Secale-Thinopyrum</i> trigenetic hybrids</li></ol>
