

## Associate Professor HUANG Jinbai

College	College of Hydraulic Science and Engineering
Current Position	Associate Professor
Types of Tutor	Master Tutor
Language	Chinese/English
Education	Tottori University, Japan/Doctor of Engineering
Research Interests	Hydrologicalsimulation; Basin hydrology; River Hydrology; Land surface process
Selected Publications	Huang Jinbai, Wen Jiawei, Wang Bin, et al. Structural universality of the distributed hydrological model for small- and medium-scale basins with different topographies [J]. Journal of Hydrologic Engineering, 2018, 23(1): No.04017054. (SCI) Jinbai Huang. Development and Application of a distributed hydrological model for small- and medium scale basins. ISBN 978-7-5170-5895-3.China Water&Power Press, 2017.09, 265 thousand words.
