

## Lecturer ZUO Qisheng

College	College of Animal Science & Technology
Current Position	Lecturer
Types of Tutor	Master Tutor
Language	Chinese/English
Education	Sept.2012.-July,2017: Yangzhou University, DSc in Animal Genetics and Breeding. Sept.2008-July,2012: Yangzhou University, BSc in Animal Science
Research Interests	Animal embryonic development and genetic engineering
Selected Publications	<ol style="list-style-type: none"><li>1. Zuo, Q. , Jin, K. , Song, J. , Zhang, Y. , Chen, G. , &amp; Li, B. . (2018). Interaction of the primordial germ cell-specific protein c2eip with ptch2 directs differentiation of embryonic stem cells via hh signaling activation. <i>Cell Death &amp; Disease</i>, 9(5), 497.</li><li>2. He, Y. , Zuo, Q. , Edwards, J. , Zhao, K. , Lei, J. , &amp; Cai, W. , et al. (2018). Dna methylation and regulatory elements during chicken germline stem cell differentiation. <i>Stem Cell Reports</i>, S2213671118301450.</li><li>3. Qisheng, Z. , Chen, Z. , Kai, J. , Jin, J. , Changhua, S. , &amp; Ahmed, M. F. , et al. (2018). Nicd-mediated notch transduction regulates the different fate of chicken primordial germ cells and spermatogonial stem cells. <i>Cell &amp; Bioscience</i>, 8(1), 40-49.</li></ol>
